

# MEET & MATCH

## Challenges in Early Drug Development and Innovation in Drug Delivery

6<sup>th</sup> of December 2016

Karlsruhe Institute of Technology, Karlsruhe

### PROGRAMME

09.30 am **REGISTRATION AND WELCOME COFFEE**

10.00 am **Words of Welcome**

Herr Prof. Dr. Knebel, Karlsruhe Institute of Technology  
Caroline Ref, BIOPRO Baden-Württemberg GmbH  
Agnès Legoll, Alsace BioValley

10.30 am **Dr. Uwe Hanenberg**

Catalent Pharma Solutions, Schorndorf (DE)  
*„Challenges in oral Dose Form Development“*

10.50 am **Dr. Séverine Sigrist**

Centre Européen d'Étude du Diabète, Strasbourg (FR)  
*„Double encapsulation of insulin: from concept to biological validation“*

11.10 am **Prof. Dr. Thierry Vandamme**

Laboratory of Design and Application of Bioactive Molecules, University of Strasbourg (FR)  
*„Nanoemulsions as a general platform for biomedical imaging“*

11.30 am **SHORT PRESENTATION SESSION**

12.30 pm **LUNCH**

01.50 pm **Dr. Pascale Clement**

Catalent Pharma Solutions, Beinheim (FR)  
*„Innovative Formulation Approaches to Improve Early Stage Development“*

02.10 pm **Dr. Maria Asplund**

Department of Microsystems Engineering – IMTEK, University of Freiburg (DE)  
*„On demand drug release from conducting polymer systems, from the petri dish to microfabricated brain implants“*

02.30 pm **Hanna Wagner**

BIOSS Centre for Biological Signalling Studies, University of Freiburg (DE)  
*„Stimulus-Responsive Hydrogel Vaccine Depots“*

02.50 pm **COFFEE BREAK**

03.20 pm **Prof. Dr. Gert Fricker**

Institute of Pharmacy and Molecular Biotechnology, University of Heidelberg (DE)  
*„Drug delivery to the brain by colloidal carriers“*

03.40 pm **Dr. Sasha Koniev**

Syndivia SAS, Strasbourg (FR)  
*„Protein-drug conjugates as targeted cancer therapies“*

04.00 pm **GET-TOGETHER**

04.30 pm **END OF EVENT**
